Abstract

1. Introduction

2. RVE models & FE discretization

2.1. Models of Representative Volume Element(RVE)

2.2. Finite Element (FE) discretization

5   *2.3. Validation of the model*

3. Results & Discussion

3.1. Effect of Fiber Volume Fraction

3.2. Interaction of debonds in UD laminates with a single layer of fibers

3.3. Influence of layers of fully bonded fibers on debond's growth in a centrally

10   *located line of debonded fibers*

3.4. Interaction of debonds in UD laminates with multiple layers of fibers

subsectionComparison with the single fiber model with equivalent boundary conditions

4. Conclusions & Outlook
